

# **This is a Catalog from HieroGraphics Books and Hemp Earth Art With Gift Idea Items that Have Art Created by Julia L. Wright Placed on Mugs or Bags and Matted Prints.**

**All of the items seen here are in limited quantities at my home.**

Available for contactless pick-up at my home in Manitou Springs.

Or shipped to any address for the price listed on their page.

The books are also available on Amazon.com.

I only have just one of most of the bags and matted prints. I do have many of the white ceramic mugs at my home. These items are specially priced for this Holiday Catalog Sale and will be available until they are sold out.

**To PURCHASE an item in either of the catalogs, or if you have some questions,  
SEND an email to this address: [essentialoils@gmail.com](mailto:essentialoils@gmail.com)**

**I can accept payments in many ways, including by check or cash.**

To use a credit card you can make a payment using my PayPal account at:

[hierographicsbooksllc@gmail.com](mailto:hierographicsbooksllc@gmail.com)

If you have a PayPal account it is simple to send payments to another PayPal account using an email.

*If you don't use PayPal, I can send an invoice from mine that will process credit cards there.*

**FYI:** All items have sales tax included in them and will be treated as a "home sale" whether picked up, delivered or shipped.

*This is the simplest way for me to handle all the sales and I do pay my sales tax through the state each year using my HieroGraphics business account.*

In my shop at [etsy.com/shop/Fantafaces](https://www.etsy.com/shop/Fantafaces) you will also find my feather masks and a few of my metal art prints for sale there at full price.

**The other attached catalog has books of many styles and three types of card decks with my art placed upon them.**

There are journals to be used for many purposes, 2021 planners and a coloring book with more activities inside based on chipmunks.

Card decks with beautiful flowers or images of Nature are created for kids to play games with and others are fully numbered decks for a more interesting deck to play any card game when using them.

Plus there are two styles of decks to express gratitude and create a positive attitude by focusing on the inspirational quote paired with a beautiful image.

**And my <https://www.hempearthart.com/> store has many more items such as t-shirts, tumblers, pillows, baby onesies and more that can be printed with many bits of my art, but no guarantee when they will be shipped as the holiday season is in full swing now.**

I have a single one of most of the bags at this web page at my home. These 16" x 16" cloth bags have long handle so can worn on your shoulder if you like to carry bags that way, as I do.

<https://www.hempearthart.com/collections/tote-bags>

Here is a sampling of what is at my home and some on the Shopify Store are also here. *If you see one on the store, not shown below, inquire about it and I may also have it at my home.*

**Selling the ones at my home for just \$14.00 each to get them out in the world to help reduce the use of plastic bags when people are shopping. You could also use one to package another holiday gift and get someone else begin the practice of using a reusable bag when shopping.**

**This style is a bit large for groceries, but makes a great beach or overnight bag to carry essential clothing or towels. It came from a different source than the above bags. Sell for \$18.00 Each.**

I have 4 each of these 14" x 16" gusseted jute canvas bags except the "Hemp Earth Art" bag.

All the images of hemp plants were taken by me at a friend's hemp farm.

*Figured I'd better say something about who took the photos and where they were taken so there is no confusion about what plant is being represented on the bags.*

**Selling these for just \$12.00 each to get them out in the world and to help start conversations and spread the message about how hemp could make a change for a better future for the environment in many ways.**

And finally, white coffee mugs with graphics and a message to share printed on both sides.

I'd say perfect to take to a business where there is a employee area that is shared, but not sure how many people actually are working in such places right now.

Still, would be easily distinguished as the mug that belongs to a specific person who would use it and not some other run of the mill mug anyone might be sharing . . .

**\$6.00 each, yep, they need new homes and I have 10 or more of all of them.**

**Each one will be shipped in square styrofoam packages at \$5.00 each.**

*Sorry, not as earth-friendly as most of my packaging, but that is what they arrived here in.*

Photos of these 8" x 10" matted prints were taken with a protective covering and so they have a bit of reflection challenge to make them hard to clearly see.

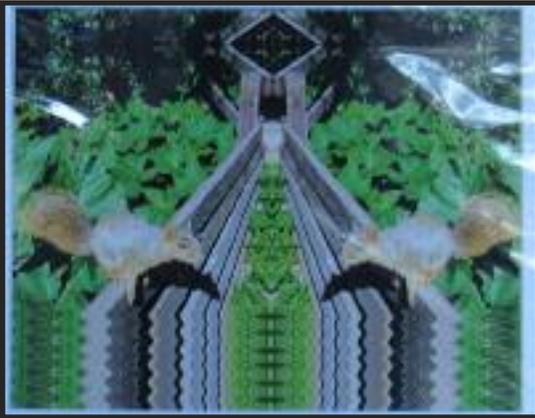

If any of these interest you, or the subject would be something you want to see more of, I can show the original image without the matting. Or stop by and I can have the box they and more are in on the porch to sort through. There are more squirrel. "look up" and Colorado Aspen images in that box.

**They are priced at \$12.00 each to help them find new homes.**

**As many as three to one address can be shipped for \$7.00.**

*And if you ever saw one of my metal prints and you wish you had purchased it when you saw it, I still have many of these at my home also. Let me know which image you are remembering and I can check to see if it is still here.*
